

Rowing Circulation Pattern

The international rule of the sea is to **KEEP RIGHT!**

A few Notes:

1. Keep right: That is, opposite to when on the road in the UK:
 - Keep inside when travelling from SRC Club to Harbour Entrance.
 - Keep outside when travelling from SRC Club to Sea Life Centre.
2. 'Outside' does not mean out to sea it means 5m outside the crews on the inside.
3. When approaching an oncoming crew or any other vessel always faint/go right.
4. Be aware of obstacles, such as the Hovercraft and white rib ride bouys.
